1. What are some circumstances or events that take place during chapter one of Jonah?
2. What characters or objects are introduced? (Think about the plant and the worm...what was their role in the story? Could you have the same story without them?)
3. What do the characters' conversations tell us about them?
4. What events or places change during the chapter?
5. What choices do the characters make in this chapter?
6. What consequences occur after the choices the characters make? Did good or bad things happen?
7. Last week we asked this question...If we obey God but we don't have a good attitude about that obedience...is it right? Can God use our obedience still? After hearing about Jonah's attitude towards God, what do you think? *(Think about cleaning your room—it's not always a fun job. Even when we do what is right and clean our room but complain about cleaning it the whole time, are we still doing the right thing?)*
8. What are 2 things you have learned about God through the book of Jonah? (How does Jonah describe God in chapter 4?)
